

British Values in Design and Technology

| Democracy | The Rule of Law | Individual Liberty | Mutual Respect | Tolerance of those of different faiths and beliefs |
|---|---|---|--|---|
| <p>The children must take the views and opinions into account but still have the right to make their own choices.</p> <p>To take turns both in speech and practically with others.</p> <p>To understand that it is not always possible or right to have their own way and understand the value of compromise.</p> | <p>To understand the importance of safety rules when using tools.</p> <p>To understand and accept that if these rules are not followed that there are consequences to this.</p> | <p>To understand that there are able to listen to others but can use their own ideas and design choices when making an artefact.</p> <p>To accept that others ideas may not be the same as their own but are able to accept this.</p> | <p>To tolerate ideas from others that are different to their own.</p> <p>To understand that many great design ideas originate from other cultures.</p> | <p>To listen to and consider the ideas and opinions of others even if they differ from your own.</p> <p>To be able to take turns during discussions to resolve difficulties or make decisions.</p> <p>To offer supportive comments in evaluations that will improve learning outcomes in a way that is objective but sensitive to the listener.</p> |
