

## British Values in Science

Democracy	The Rule of Law	Individual Liberty	Mutual Respect	Tolerance of those of different faiths and beliefs
<p>In the Science classroom we learn through our lessons to take into consideration the views and opinions of others.</p> <p>We take turns and instructions from others.</p>	<p>In our Science lessons we learn and understand the importance of following safety rules when working scientifically.</p> <p>Science lessons help children to understand the consequences of their actions, which in turn helps them to apply this understanding to their own lives.</p>	<p>In Science we learn to confidently share our own opinions and ideas and respect the opinions of others.</p> <p>Within our lessons pupils are encouraged to make their own choices when planning an investigation and recognise that others may have different points of view.</p>	<p>When learning and investigating during Science lessons we work as a team, supporting each other and sharing ideas and opinions.</p> <p>We discuss our findings and respect each other's work - through this we offer support and advice to others.</p>	<p>Through lessons and discussion we look at scientific discoveries which have come from other cultures and how religious beliefs often compete with scientific understanding.</p> <p>We learn to be respectful of these beliefs and to appreciate and understand them.</p>
